DOCKETED BY

Dear Arizona Corporation Commissioners,

I am writing in concern of the monthly service charge and any other cost increases requested by APS. I would like urge you vote no to this unnecessary request by APS.

As a small business owner, I can see the ripple that any increase in my utilities could have on my business ranging from loss of customers to possibly closing my door because of loss of profitability. Speaking as someone who does everything I can to build up my community, this could have negative effect throughout the APS region.

With the Commission's own staff and the Residential Utility Consumer Office stating that this increase is not necessary for APS please take my response in the same light. This is not in the best interest of our communities, I encourage you to advocate against this to protect the best interests of Arizonans.

Earnestly,

Rosebud Beauty Co.
